Temperature Screenings New Capabilities Available Now!

Return to Work Support for Employers

In response to COVID-19 and the growing challenges employers and their employees will face returning to work onsite, we have established trusted partnerships to provide temperature reading and monitoring.

Onsite Temperature Monitoring Provided by Trained Technicians

- Covered by many health insurance plans
- Immediately available in most areas of the U.S.
- Technicians in full personal protective equipment delivering no-touch screenings via thermogun
- \$65 per hour

New Technology Solutions

Virtual Daily Symptom Tracker

Easy-to-use and mobile optimized, the questionnaire takes less than a minute to complete. The tracker informs the employee if they are safe to proceed to work, or if they should remain home. Employer notification and reporting.

Pricing: \$1.50-\$3.00 PEPM (90 day minimum commitment), \$2,500 start-up fee.

Advanced Thermal Imaging Kiosk

Compact design, simple set-up with 7" LCD display. Screens employees in 2-3 seconds and can inform management immediately of a febrile employee or guest. Measurement accuracy within 0.5 °F

Pricing: ≈\$3,000 per unit, bulk discounts available, \$0 start-up fee.

Mass Fever Detection Surveillance System

Dual Thermal and Video Camera with accuracy $\pm 0.3^{\circ}\text{C}/\pm 0.6^{\circ}\text{F}$ and can analyze up to 30 subjects simultaneously.

Pricing: ≈\$14,000 year one and \$1,200 yearly maintenance fee, \$0 start-up fee.
